A SAAC ACCREDITED CERTIFICATION BODY

As a government approved certification body your certificates will be accepted worldwide and ideal to win tender and increase your business.

ABOUT OUR COMPANY

We provide independent **third-party Certification services** to different industrial sectors. As a Certification & Inspection body, we are accredited by **Two** international boards **SAAC (Saudi accreditation center)** and **PNAC (Pakistan National Accreditation Council)** on ISO 17021:2015 to provide certifications worldwide. **SAAC & PNAC** accreditation is recognized globally and many organizations will insist on certification by a CB that possess IAF traceability for Certification Body. **Ethical Certifications** is excelled by Professionals with years of experience in a multitude of businesses and offer clients a true understanding of the company's needs during the audits. We work under the same platform for the provision of **Certification, Inspections** and **Proficiency Testing** services

OUR MISSION

Our mission is to be globally recognized for providing certification services to organizations all over the globe to achieve excellence, sustainability, and compliance across industry standards.

OUR VISION

We envision a world where business practices are recognized globally. We aspire to be the trusted partner for organizations seeking certification services, transparency, sustainability, and integrity in business operations. Our vision is to contribute so consumers and stakeholders can make informed choices, promoting a sustainable and responsible growth in the economy.

OUR VALUES

Our company values reflect our unwavering commitment to excellence, integrity, and customer satisfaction. We believe in continuous improvement and innovation to ensure the highest quality standards in our certification processes. Transparency and impartiality are the backbone of our operations. We strive to uphold the principles of fairness and equity in all our dealings. Our dedicated team of professionals is guided by a passion for promoting sustainable business practices and the ISO standards we certify.

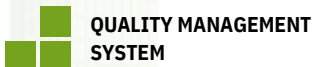

Client success is at the heart of our mission, and we prioritize the needs of our clients. By upholding these values, Ethical Certification Services aims to inspire confidence in businesses seeking ISO certifications, contributing to a global landscape of trust and reliability.
